ON OCTOBER 19TH

Vote wisely.

This October, you will be asked how you feel about Alberta's place within Canada.

The entire nation will be watching.

Those of us who love Canada, but have been frustrated with Alberta's treatment over the years, will have to think deeply about our answer — We need to vote strategically.

It's not about separation. It's about leverage.

Thankfully, the vote in October will NOT actually separate us. No matter the outcome.

So use your voice! A strong, united vote to leave sets the table for **fair negotiations** with Ottawa.

Get Alberta a better seat at the table.

Vote 'Option 2' on October 19.
